

HAMLET - THE PLAY

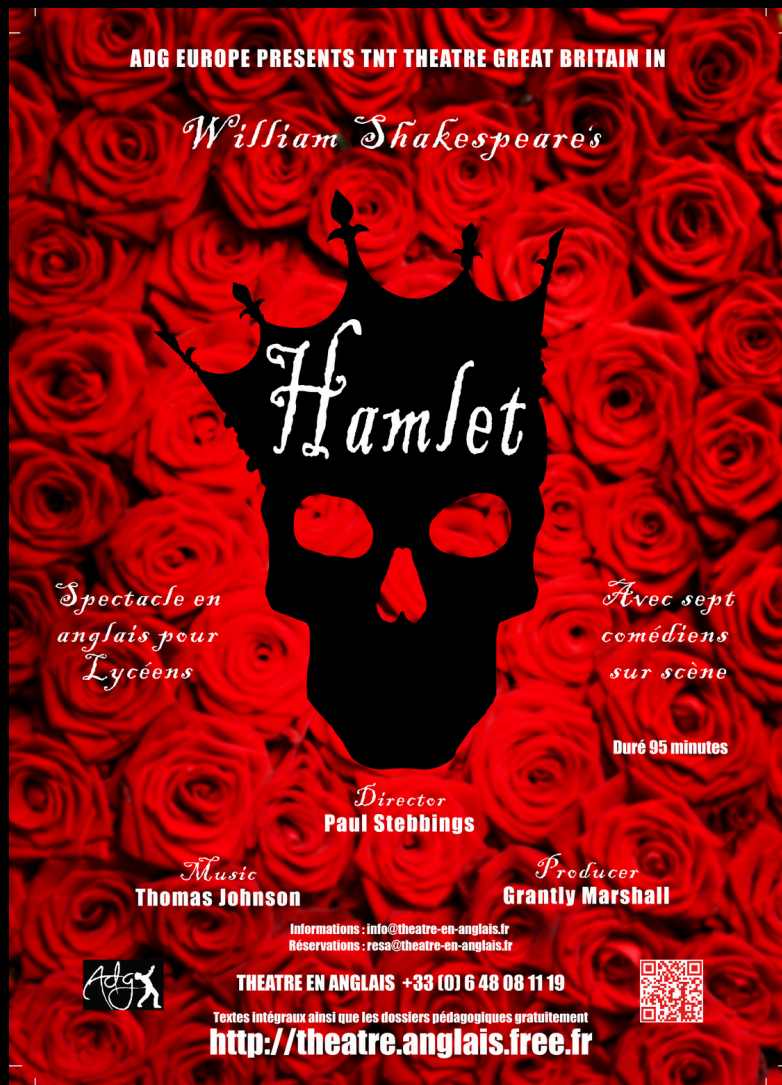

THÉÂTRE A NANTES

LES 2NDES SIA ET LES 1ERES LLCER

Dans le cadre du processus de financement culturel Adage, 2 classes ont eu le privilège (et le plaisir ??) d'aller assister à une représentation de la pièce de Shakespeare à Nantes.

Pour les 2ndes SIA, ce fût l'occasion de voir prendre vie sur scène la pièce travaillée en détails en cours de littérature américaine. Pour les 1eres LLCER, ce fût la découverte d'une autre facette de Shakespeare après les sonnets étudiés en cours.

Nous attendons avec impatience le programme 2024-2025 de la compagnie Théâtre en anglais !!

UNE GRANDE 1ERE : ASSISTER À UNE PIÈCE DE THÉÂTRE EN ANGLAIS

Overall I really loved the play. The acting of the actors was impressive but also their voices when they were in the background. At first, it surprised me, I thought the music was a recording because the vocals were so clear and beautiful. Also, I really liked how the play had a modern and comic look compared to the text and the context of Hamlet. For example when Hamlet acts quite mad in front of Polonius and he eats a mosquito, it was really funny and strange. To sum up, for me the play was really well played, it wasn't annoying and it told clearly the main events of the story. I hope to see more plays like that in the future. As for the day in general, I don't have much to say about it, it was nice and chill, even if 3 hours of bus is a little bit tiring. Ally

I found it very interesting because seeing an animated version of what we studied in class helped us to understand and learn more about the play. It was a very pleasant moment. Louise
